# For quality, labs and tests are important

We certify almost all of our products by testing in our laboratory within our organization, we control quality and improve it by tracking deviations in tolerances.

## R&D & Mould

Bemis Electric has opportunity to make mould and equipment that are required for product design and producing with its moulding shop and R&D unit. Besides, by following new market trends, it replies customer demand as soon as possible. Bemis left 3 % of its turnover for R&D.
